ABSTRACT

The thesis work focuses on the design and development of Web-based Personal Organizer System. The Web Based Personal Organizer System is a system which more likely acts as a digital diary to the internet user. The internet user can easily manage their daily activities at anywhere and anytime as long as they have a computer and a connection with the internet. The calendar can be view in day, months and year. The user can add daily schedule or task by selecting any day from the calendar. The phonebook let the user to keep all contacts number and will be display according to list of alphabetical. The Task To Do let the user to set a task on a selected date. My Schedule let the user to assign any activities on the day or any selected day based on the time while Preference allows the user to manage their own profile. The scripting engine used is ASP, Microsoft Access 2000 (DSN-Less) for the database system and Internet Information Server as a web server.

TABLE OF CONTENTS

	PAGE
DECLARATION	ii
ACKNOWLEDGEMENT	iii
ABSTRACT	iv
LIST OF TABLES	x
LIST OF FIGURES	xi
CHAPTER ONE: INTRODUCTION	
1.1 Background	1
1.2 Problem Description	2
1.3 Project Objective	3
1.4 Project Scope	3
1.5 Project Benefits	4
1.6 Overview of the report	4
1.7 Summary	4
CHAPTER TWO: LITERATURE REVIEW	
2.1 Introduction	5
2.2 Personal Information Management Or Personal Organizer	6
2.3 Online Organizer	8
2.4 Web-Based System	10
2.5 Web Application Terminology	12
2.6 Conclusion	16
CHAPTER THREE: PROJECT APPROACH AND METHODOLOGY	
3.1 Methodology and approach	17
3.1.1 Inception	18

3.1.2	Elaboration	18
3.1.3	Construction	18
3.1.4	Transition	19
3.2	Activity Diagram	19
3.2.1	System Engineering	20
3.2.2	Requirement Analysis	20
3.2.3	Design	20
3.2.4	Construction	21
3.2.5	Testing	21
3.2.6	Implementation	20
3.3	System Architecture	21
3.4	Conclusion	22

CHAPTER FOUR: CONSTRUCTION

4.1	Introduction	23
4.2	System Design	23
4.2.1	Actors and Use Case Involved in Web-Based Personal Organizer	25
4.2.2	Use Case Templates	25
4.2.2.1	Use Case Template for Authentication Password	25
4.2.2.2	Use Case Template for View Address Book	26
4.2.2.3	Use Case Template for View Daily Schedule	27
4.2.2.4	Use Case Template for View Task To Do	29
4.2.2.5	Use Case Template for View Personal Organizer Information	30
4.2.2.6	Use Case Template for View Calendar	31
